

# WHERE STYLE EMBRACES QUALITY

Loqz latching and locking system elevates the style and aesthetic of your bathroom door with its modern and sleek design. Beyond its contemporary appearance, this system stands out for its user-friendly operation and remarkable durability. Maintenance is a breeze, thanks to its easy-to-clean and stain-resistant features. Crafted from high-quality ABS and POM plastics and the inclusion of stainless steel screws, ensures longevity and reliability. Versatility is a key feature, accommodating doors with thickness ranging from 20 mm to 30 mm. With Loqz, invest in a resilient and hassle-free locking solution that enhances the visual appeal of your bathroom.
